

## Cara

*Cara is gorgeous and full of personality ... and she is going to be a big girl! She's a SUPER lucky girl too, as she could have been one of the victims of the parvovirus but thanks to some very detail-oriented veterinary technicians who picked up on her illness very early and our Friends of the Shelter supporters, Cara got transferred offsite and started on therapy immediately and she came through her illness with flying colors. She is now eager to play with others, learn new tricks, and eat anything that is offered to her as she has a lot of growing to still do. Cara's a little behind on crate training and housebreaking, but she's a quick learner and it won't be long before she is back on track. She walks well on leash, travels well in the car, and is very attentive to her person. Cara would do best in a home with another dog to guide her and keep her well socialized.*

### Special Needs

Vet reference required.

### Puppy Love

*I'm cute, and cuddly and lots of fun! I think everything is a toy for me to play with. You'll need lots of time and patience to teach me everything I need to learn. Sign me up for some puppy kindergarten classes so I can become the best dog I can be!*
